TUNING BIOCHEMISTRY WITH LIFE SCIENCES AND SOCIETY

XXI SPB - National Congress of Biochemistry **Évora, 2020**

The University of Évora welcomes YOU at the XXI SPB National Congress of Biochemistry 2020!

This is the meeting point for Portuguese Biochemistry Academy, fostering the discussion and dissemination of high-quality research in Biochemistry, both fundamental and applied, taking place in Portugal.

Science and innovation are promoted in dialogue, sharing and healthy confraternization

On behalf of the Portuguese Biochemical Society, you are cordially invited to join us at the XXI National Congress of Biochemistry, and we look forward to meet you in Évora, at 3rd-5th December 2020.
